Medex Clear-Cuff Pressure Infusor

Clear-Cuff, the cost-effective, high performance pressure infusor.

Optimal bladder squeeze is on the entire fluid bag. Fluid flow rates are much more consistent than competitive infusors.

Clear Cuff is available for 500 ml and 1,000 ml solution bags. Made from quality durable transparent plastic, it allows fast fluid level inspection.

Clear-Cuff Performance Advantages

- Fluid bag label and fluid level are easy to read
- Thick durable polyurethane
- Easily cleaned with alcohol wipes
- Convenient fluid set-up. Special hook, allows fluid bag to be replaced without removal from IV pole.
- Large squeeze bulb for fast and easy inflation
- Hi-Flo venting stopcock allows almost instant deflation.
